

PAULINA ACUÑA PAIVA

Full Stack Developer

Santiago, Chile | paulinefugit@gmail.com | +56 9 7447 6368 | [linkedin.com/in/paulinefugit](https://www.linkedin.com/in/paulinefugit) | github.com/Pauaaua | paulinaap.vercel.app

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on range across frontend, backend, hybrid mobile apps, and process automation (Next.js, Spring Boot, Python, Ionic), backed by more than a dozen production projects delivered in under two years of formal training. Eight prior years as a Philosophy teacher and project director bring clear technical communication, agile management, and experience coordinating teams and clients — now applied to gathering requirements and shipping software end to end.

TECHNICAL EXPERIENCE

Mimasoft — Full Stack Developer (Internship, 360 hrs)

Feb 2026 – Apr 2026

Chile

- Developed the bilingual (ES/EN) institutional website in WordPress on a Divi child theme, with a dynamic JavaScript translation system and a multi-tenant architecture based on DDD.
- Integrated WPForms with reCAPTCHA v2 and glassmorphism styling; resolved Polylang redirect bugs and JavaScript scope errors.
- Produced a digital audit of the institutional site with competitive benchmarking and a four-phase implementation roadmap.

Asesorías Valdivia — Full Stack Developer

May 2024 – Dec 2024

Santiago, Chile

- Built sites and platforms for external clients with Next.js 15 under agile methodologies.
- Managed data persistence with Prisma ORM across MySQL, PostgreSQL and Supabase, with continuous deployment on Vercel.
- Worked directly with clients to gather and define requirements.

FEATURED PROJECTS

EclipseFM — Next.js 14, TypeScript, Prisma, PostgreSQL, NextAuth v5

Full-stack platform for an online radio station: live audio player, chat, program schedule, and a 3-role admin panel (Admin, SubAdmin, Team).

github.com/Pauaaua/EclipseFM

PhantasiaWeb — Next.js 16, TypeScript, Tailwind CSS v4, Prisma, PostgreSQL

Corporate website for a design and software studio: trilingual internationalization (ES/EN/FR) with locale-based routing, dark/light mode with system-preference detection, and a 6-step onboarding form that persists leads to a database and sends automated email notifications.

Asegalbyf Asesorías — Next.js, Prisma ORM, Tailwind CSS, Transbank

E-commerce site for an insurance brokerage: manageable admin dashboard for service management, checkout with Transbank payment integration. Built solo in 3 weeks. Live at asegalbyfasesorias.cl

github.com/PauFugit/FS-ASEGAL

SII Automation Suite — Python, PyQt5, Selenium, Pandas

Second implementation of a tax-automation project for Asesorías Valdivia (Dec 2025): built the desktop program first, then integrated it to run directly from their website. Two tools for the Chilean IRS (SII) portal — electronic invoices and fee receipts — with individual and bulk processing from Excel, up to 3 concurrent threads, headless mode, and a professional installer (PyInstaller + Inno Setup) for the desktop version.

CTRL — Java, Spring Boot, Thymeleaf, H2

User and project management platform built on MVC architecture.

PlantIDex Mobile — Ionic, Angular, TypeScript, Capacitor

Hybrid mobile app (iOS/Android) for community-based native flora registration, with offline-first persistence, native camera and GPS, designed for areas without signal coverage.

Tienda Berbelis — Next.js, TypeScript, Prisma, PostgreSQL

Full-stack e-commerce for organic products: catalog with dynamic filters, persistent cart, complete checkout flow, and admin panel.

Aguas Mi Sur — Next.js, PostgreSQL, Zod

Institutional website with Markdown content rendering and schema validation.

EDUCATION

Instituto Profesional San Sebastián (ex CIISA)

Feb 2024 – Present

Santiago, Chile

- Computer Engineering — in progress. Focus on software architecture, database design, and design patterns (MVC).
- Technical Analyst Programmer — degree obtained (Feb 2024 – Apr 2026); intermediate exit with a 360-hour internship.

4Geeks Academy

Jul 2022 – Nov 2022

- FullStack Software Development.

Pontificia Universidad Católica de Valparaíso

2010 – 2016

- B.A. in Philosophy.

Universidad Miguel de Cervantes

2019 – 2021

- M.A. in Education.

TEACHING & MANAGEMENT EXPERIENCE

Philosophy Teacher — Formal education system (municipal and private subsidized)

May 2017 – Dec 2025

Santiago, Chile

- Eight years of formal teaching; developed curriculum planning, effective communication to diverse audiences, and classroom management.

Project Director — A.L.T. (Social, Cultural and Environmental Organization)

Nov 2020 – Dec 2025

Santiago, Chile

- Led agile project management: scope and requirements definition, multidisciplinary team coordination, and problem-solving in dynamic contexts.

TECHNICAL SKILLS

- **Languages & Frameworks:** Java, Python, JavaScript (ES6+), TypeScript, HTML5/CSS3, Spring Boot, React, Next.js, Node.js, Ionic/Angular, Flask, PHP, Laravel, Tailwind CSS, Framer Motion
- **Databases & ORM:** MySQL, PostgreSQL, Oracle SQL, Prisma, SQLAlchemy, JPA
- **Cloud & Deployment:** Vercel, Railway, Supabase, Cloudflare, Docker
- **Tools:** Git, VS Code, Figma, Maven, Postman, WordPress
- **Methodologies:** Scrum, Agile Development, MVC, DDD, Project Management
